## Current Responsibility

Bill Alto is a product manager and health care analyst. He first joined the firm in 2011. After a five-year period running his own company, he rejoined Milliman in 2020.

## Professional Work Experience

Bill has played a key role in the development of a number of Milliman products, including Milliman's key network analysis, Medicare pricing, and Part D experience analysis tools:

- The Payer Analysis and Comparison Tool (PACT), Milliman's UDS-based network analysis tool for census-based or detailed claims repricing analyses
- The Medicare Repricer, software that adjudicates claims to Medicare-allowed amounts
- The Medicare Reference Pricer, for real-time claim pricing and auditing
- PEST, Milliman's Part D Experience Summary Tool used for MAPD and PDP experience analysis, bid development, and Part D settlement projections

Bill has significant experience and proficiency in the following areas:

- UDS-based network analysis and claims repricing
- Software development
- Enterprise analytics
- Medicare fee schedules and provider reimbursement benchmarking
- Commercial ACA risk adjustment
- Medicare Advantage bid preparation

## Education

- Bowdoin College, BA
- University of California - San Diego, MA
