

Romain de Harlez

Associate Consultant

CURRENT RESPONSIBILITY

Romain de Harlez is an associate consultant at Milliman's Brussels office. He joined the firm in 2020 and carries out consulting projects in the field of insurance and financial risk management.

EXPERIENCE

Romain has over three years of experience in ALM in the insurance and pensions industries. Before joining Milliman, Romain worked at an asset management company for three years where he was mainly involved in ALM and strategic asset allocation studies, market risk models, hedging strategies, and Solvency II computations.

PROFESSIONAL DESIGNATION

Member of IABE, Institute of Actuaries in Belgium

EDUCATION

- MSc Financial and Actuarial Engineering, KU Leuven, Belgium
- MSc Business Engineering, UCLouvain, Belgium
