

TIM DEITZ

ASA, MAAA

Principal

tim.deitz@milliman.com

+1 703 328 0058

Current Responsibility

Tim is on the software customer support team for Integrate, Milliman's actuarial projection software system. Tim works with the Seattle office of Milliman, having joined the firm in 1999.

Professional Work Experience

Prior to joining Milliman, Tim was on the customer support team with another actuarial projection software provider. Tim has been an actuarial consultant and served in various actuarial roles within an insurance company since entering the actuarial profession in 1985.

In 1994, Tim began supporting actuarial projection software. Since then, he has been helping insurance clients understand how to use the systems, as well as how to modify them to meet their specific needs.
