ASA, FSA

Senior Consulting Actuary

tyler.engel@milliman.com

+1 646 473 3363

## Current Responsibility

Tyler is a consulting actuary with the New York office of Milliman.

He joined the firm in 2012.

## Professional Work Experience

Tyler has provided consulting services to a broad range of clients, including health plans, hospital systems, pharmaceutical companies, medical device manufacturers, healthcare industry trade organizations, disease and medical management vendors, and other healthcare providers.

Tyler is an expert in actuarial modelling and has extensive experience with epidemiological data, clinical trial outcomes, and payer claim data. He has analyzed large health claims databases such as the Truven Health Analytics MarketScan® Research databases and CMS' Standard Analytic Files (5%/100%), performing statistical and predictive analytics.

He has also assisted clients with federal and state filings of premium rates and estimating accruals related to the Affordable Care Act.

## Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

## Education

BS, Mathematics and Actuarial Science, University of Connecticut

## Presentations and Publications

Tyler is the editor and co-author of several publicly available white papers and peer review journal publications focused on health cost outcomes research and public policy.
