

Jordan Hull

ASA, MAAA

Associate Actuary

CURRENT RESPONSIBILITY

Jordan Hull is an associate actuary with the Mountain Gulf Health practice in Milliman's Phoenix office.

EXPERIENCE

Jordan's area of expertise is managed healthcare and health insurance issues for payers and providers. His experience includes work for Medicaid, commercial, and Medicare clients. He has worked extensively in the projection of financial operations for health insurance risk-bearers, including private health plans, healthcare providers, and self-funded employers.

Jordan has advised clients on the pricing and design of insurance programs, value-based reimbursement, reserving, claims analysis, financial forecasting, and financial reporting. Clients served include health plans, hospitals and physician groups, employers, and other organizations.

For the last several years, Jordan has worked with numerous Medicare Advantage (MA) plan sponsors on the plan design and pricing of their MA bids. He has also worked with multiple clients on CMS bid and financial audits, as well as financial projections for start-up plans, and plans considering expansions to new service areas.

EDUCATION

Jordan received his B.S. degree in Mathematics from Brigham Young University.
