

Stacy Koron

JD, CLU, FLMI, LTCP
Compliance Consultant

CURRENT RESPONSIBILITY

Stacy is a compliance consultant with the Tampa, Florida office of Milliman. She joined the firm in 2013, bringing with her 13 years of prior consulting experience.

EXPERIENCE

Prior to joining Milliman, Stacy worked for a consulting firm where she helped her clients with a wide variety of life, annuity, and health insurance compliance issues. Stacy worked with carriers to develop contract language for group and individual life and health insurance and worked with regulators to secure approval of those products. She researched insurance laws and regulations, helping her clients find solutions to their compliance questions. She has served as a client and project manager, ensuring that projects were completed on schedule.

Stacy has experience consulting with insurers regarding product design, market trends, and compliance questions related to health insurance, fixed and variable life insurance products, and combination life and health products. She specializes in development of group and individual supplemental health insurance products, particularly critical illness, accident, hospital indemnity, and other fixed indemnity insurance. Stacy regularly drafts state specific form variations, specializing in New York form and filing requirements. She monitors legislative and regulatory changes that impact the insurance industry and compiles custom research applicable to compliance concerns.
