Current Responsibility

Matthew McIlvanna is a consulting actuary in Milliman's Dublin office. Matthew joined the Dublin practice in 2018.

Professional Work Experience

Matthew's experience is primarily in the life assurance field in both the Irish domestic and cross-border life assurance and reinsurance markets.

His expertise includes valuation and financial reporting, developing, maintaining, and validating actuarial modelling systems, risk management, and other consulting work.

He has worked on a variety of portfolios of business including unit-linked business, non-linked business, and guaranteed annuities.

Matthew has in-depth Solvency II knowledge and experience and has supported clients in meeting Solvency II requirements across the three pillars.

Matthew has extensive actuarial modelling experience. He has been involved in the development, ongoing maintenance, and validation of actuarial models in Prophet, Milliman Mind, and Python.

He also keeps up to date on developments in the areas of actuarial modelling and data science and has written a number of briefing notes on these topics.

Education

Bachelor of Science, Actuarial Science and Risk Management, Queen's University Belfast
