

Harsha Mirchandani

ASA

Associate Actuary

Current Responsibility

Harsha Mirchandani is an associate actuary with the New York office of Milliman. She joined the firm in 2016.

Professional Work Experience

Harsha has provided consulting services to a broad range of clients, including health plans, hospital systems, pharmaceutical companies, and other healthcare providers.

Harsha has extensive experience with the following:

- Developing risk-sharing arrangements and alternative payment arrangements between payers and providers
- Assisting pharmaceutical clients with market segmentation and payer strategy
- Conducting actuarial modeling using payer claims data
- Medicare Advantage Part C and Part D bid pricing
- Building data visualization tools using various business intelligence software

Prior to joining Milliman, Harsha worked in pharmaceutical and medical device marketing.

Professional Designation

- Associate, Society of Actuaries
- Member, American Academy of Actuaries

Education

BS, Chemical Engineering with Mathematics
Minor, Tufts University
